

Section 1: Identification of the Material and Supplier

Product Name: Triple 7

Other Names: Aqueous solution of mixed surfactants.

Proper shipping name (ADG Code): None assigned.

Recommended use: As a multi-purpose cleaner, heavy duty pressure wash and steam cleaning liquid. Dilute with hot or cold water as directed on the product label.

Supplier: Hunters Products (TAS) Pty. Ltd.,
A.C.N. 004 601 263

HEAD OFFICE

60 Gleadow Street,
INVERMAY TAS 7248
Tel: 03 6331 4755
Fax: 03 6334 1065

HOBART OFFICE

105 Albert Road,
MOONAH TAS 7009
Tel: 03 6228 7955
Fax: 03 6228 7988

BURNIE OFFICE

22 Pearl Street,
WIVENHOE TAS 7320
Tel: 03 6431 9627
Fax: 03 6432 2083

Emergency Phone Numbers:

Transport/Fire Emergency: 000 (Emergency services)
Medical Emergency: 131126 (Poisons Information Centre)

Section 2: Hazards Identification

Classified as hazardous according to criteria of Worksafe Australia.

Non-dangerous goods.

Risk Phrases: R: 36 Irritating to eyes.

Safety Phrases: S: 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S: 37/39 Wear suitable gloves and eye/face protection.

Section 3: Composition/Information on Ingredients

Ingredients:

Mixed surfactants		10 - 30 %
Xylene	[1330-20-7]	< 10 %
Other ingredients deemed not to be hazardous		< 10 %
Water	[7732-18-5]	to 100 %

Section 4: First Aid Measures

For advice, contact a Poisons Information Centre (Phone 131126) or a doctor.

Swallowed: If swallowed, do NOT induce vomiting.

Skin: If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.

Eyes: If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes.

Inhaled: Remove from exposure, rest and keep warm. Seek medical advice.

First Aid facilities:

Recommended: Eye wash. Hand wash basin.

Advice to Doctor:

Product is a concentrated solution of mixed surfactants, including alkyl phenol ethoxylate and alcohol ethoxylate esters. Irritating to eyes. If swallowed, vomiting should not have been induced because of risk of aspiration of froth into the lungs. Contact Poisons Information Centre.

Aggravated medical conditions:

Pre-existing skin disorders.

Section 5: Fire Fighting Measures

HAZCHEM Code: None assigned.

Evacuate: No.

Extinguishant: Water.

Risk of violent reaction or explosion: No.

Products of combustion: Water vapour, oxides of carbon, oxides of nitrogen, oxides of phosphorus.

Protective Equipment: Breathing apparatus and protective gloves for fire only.

Section 6: Accidental Release Measures

Emergency Procedures:

Contain.

For large spills:

Contain spillages with sand or earth. Transfer both liquid and solids to suitable container(s). Treat residues as for small spills.

For small spills:

If local regulations permit, mop up with plenty of water and run to waste, diluting greatly with running water. Otherwise, absorb on inert absorbent and transfer to suitable container. Wash site of spillage thoroughly with water. Ventilate area to dispel any residual vapours.

Section 7: Handling and Storage

Precautions for safe handling:

Avoid contact with skin and eyes.

Conditions for safe storage:

Store in a cool, well ventilated place, out of reach of children. Large quantities should be stored in a bunded area. Store in original container. Keep container tightly closed and out of direct sunlight. Keep away from oxidising agents. Protect from physical damage. Clean up all spills and splashes promptly; avoid secondary accidents.

Incompatibles:

Oxidising agents, acids.

Section 8: Exposure Controls/Personal Protection

National Exposure Standards:

ES-TWA: Xylene 80 ppm, 350 mg/m³

ES-STEL: Xylene 150 ppm, 655 mg/m³

ES-PEAK: None assigned.

Notations: None assigned by NOHSC, but see:
Xylene Skin [Denmark, Netherlands]

[Skin] indicates that this material may be absorbed via unbroken skin, and any such contact may invalidate the TLV.

Biological Limit Values: No data found.

Engineering Controls:

Ensure adequate ventilation (same as outdoors) when using. If handling industrial quantities, or if vapour/aerosol risk exists, consider local mechanical exhaust/extraction to keep airborne contamination at least below the TLV.

Personal Protective Equipment:

Avoid contact with skin and eyes. Avoid breathing concentrated vapours or aerosols. Personal protection to be selected from those recommended below, as appropriate to mode of use, quantity handled and degree of hazard:-

Normal Use:

Eye/face protection
Gloves, rubber or plastic.

Industrial Quantities:

Face shield or safety glasses
Gloves, rubber or plastic
Plastic apron, sleeves and boots
Impervious overalls.

Section 9: Physical and Chemical Properties

Appearance: Clear, green, slightly viscous, frothing liquid.
Odour: Mild odour of hydrocarbon and detergent.
pH: Slightly alkaline.
Vapour Pressure: No data.
Vapour Density: No data.
Boiling Point: From 100 °C
Melting Point: No data.
Volatiles: 76 % [mostly water]
Volatile Organic Compounds (VOC): 6 % [xylene]
Evaporation Rate: No data.
Solubilities: Miscible with water.
Specific Gravity/Density: 1.0 - 1.1 g/L @ 20 °C
Flash Point: None.
Flammable Limits: None.
Dust Explosion: Not applicable.
Auto-ignition Temperature: No data.

Other Information:

May react with strong oxidising agents. May react with strong mineral acids. Slippery when spilled.

Section 10: Stability and Reactivity

Chemical Stability: Stable under normal conditions.
Conditions to Avoid: Incompatible materials.
Incompatible Materials: Oxidising agents, mineral acids.
Hazardous Decomposition Products: Oxides of nitrogen, oxides of phosphorus.
Hazardous Reactions: None known.

Section 11: Toxicological Information

Health Effects:

No data available for the mixture. Information presented relates to individual ingredients.

Acute: **Swallowed:** Likely to cause gastric upset, discomfort or pain, nausea, vomiting and diarrhoea.

An aspiration risk.

Skin: May be irritating to skin. Will have a degreasing effect on the skin, which may lead to irritation.

Eyes: Irritating to eyes. May cause itching, redness and pain.

Inhaled: An unlikely route owing to the low volatility of most ingredients. Inhalation of aerosols may cause respiratory irritation. Aspiration of froth into the lungs during swallowing or vomiting may lead to chemical pneumonitis (irritation of lung tissues) and pulmonary oedema (fluid build-up in the lungs). Onset of symptoms may be delayed.

Chronic: Repeated skin contact may lead to irritation and dermatitic effects.

LD50: Surfactant #1 No data found.
 Xylene 4,300 mg/kg oral, rat.
 > 1,700 mg/kg skin, rabbit.

Surfactant #2 2,800 - 4,100 mg/kg oral, rat.

LDLo: Xylene 50 mg/kg oral, human.

Section 12: Ecological Information

Ecotoxicity: Harmful to aquatic organisms.

Persistence and degradability: One of the surfactants used in this product is not considered to be readily biodegradable.

Mobility: Readily transported by running water.

Environmental Fate: No data.

Bioaccumulative potential: No data.

Other adverse environmental effects: Contains surfactant. Local concentrations will be harmful to aquatic organisms, including fish.
 Contains phosphate. May contribute to the formation of algal bloom in natural waters.

Section 13: Disposal Considerations

The generator of any wastes from this product is responsible for its proper classification, transport and disposal.

Consult appropriate local and State regulations.

Disposal methods and containers:

Avoid disposal to natural waters or the environment.

Special precautions for landfill or incineration:

Unsuitable for incineration.

May be unsuitable for some landfill sites.

Section 14: Transport Information

UN Number:	None assigned.
UN Proper shipping name:	None assigned.
Class and subsidiary risk:	None assigned.
Packaging group:	None assigned.
Special precautions for user:	Contain spillages.
HAZCHEM Code:	None assigned.
Material for export:	Not regulated.

Section 15: Regulatory Information

Poisons (SUSDP):	Not a scheduled poison.			
Dangerous Goods:	No.			
Carcinogen:	Australia	IARC	NTP	RTECS
	No.	No.	No.	No.
Agricultural and Veterinary Chemicals Act:	Not applicable.			
Australian Inventory of Chemical Substances (AICS):	Listed.			
Other National/International Regulations:	No data.			

Section 16: Other information

Date of MSDS update: March 2007
Complete review and re-write of all sections.
